# Art Department

## Welcome to the Art Department

Here at St Tiernan's Art Department we nurture creativity, cherish individuality and encourage curiosity. We aim to maintain a positive, caring and well disciplined environment where students can grow and develop their talents. In the art room students are encouraged to seek out inspiration and learn from others.

Creativity is not a gift bestowed on a select few before birth. Everyone is creative. It's just that for some of us that creative spark may be hidden waiting to be discovered.

At St Tiernan's we encourage academic success, promoting quality in everything we do. We offer a wide range of art and craft disciplines such as illustration, printing, 3D, Clay, photography, digital media, painting, modelling, to name but a few. We pride ourselves on our excellent facilities and resources.

## Visual Art in Junior Cycle

### 1st Year

Focus on art elements, drawing and introductory art, craft and design projects

### 2nd Year

## JCSP: Junior Certificate Schools Programme

The Junior Certificate School Programme attempts to help young people experience success and develop a positive self-image by providing a curriculum and assessment framework suitable to their needs.

The programme aims to ensure that students actively participate in their learning, make progress and build on their achievements. The programme also aims to develop students' literacy, numeracy, communication and group work skills.

On completion of the programme, students receive a profile which is an official record of their achievements from the Department of Education and Skills.

St Tiernans art students regularly take part in JCSP art competitions where we have been very successful throughout the years with prizes and certificates.

## JCSP: Make a Book Exhibition

St Tiernans 1st year students get the opportunity to take part in the Make a Book project. They exhibit their work in the Dun Laoghaire Rathdown County Council buildings every year.
